About Jekyll Island

Jekyll Island is a barrier island on Georgia's coast – midway between Jacksonville, Fla. and Savannah, Ga. Accessible by car just minutes from I-95, Jekyll Island offers a variety of amenities, including 10 miles of beach, four golf courses, a 250-acre Historic Landmark District, water park, tennis center, an array of lodging options including hotels, cottages and campgrounds. Owned by the State of Georgia, and managed by the Jekyll Island State Park Authority, Jekyll Island has had development limited to just 35 percent of its available land area. This unique aspect of Jekyll Island serves to preserve the critical barrier island ecosystem, and provide guests with a unique escape from the crowds and complications of other beach resort destinations. The Jekyll Island Foundation is a public 501 (c) 3 organization which operates exclusively for charitable and educational purposes to support the work of the Jekyll Island Authority by assisting in the preservation, conservation and appreciation of Jekyll Island.
